Dear Licensee:

This refers to your license renewal application for station KIVI(TV), Nampa, ID.

Section 73.3526 of the Commission's Rules (Rules) requires broadcast licensees to maintain a public inspection file containing specific types of information related to station operations.¹ As set forth in Section 73.3526(e)(11)(i) of the Rules, a TV issues/programs list is to be placed in a commercial TV broadcast station's public inspection file each calendar quarter by the tenth day of the succeeding calendar quarter. On June 1, 2006, you filed a license renewal application (FCC Form 303-S) for station KIVI(TV), Nampa, Idaho (File No. BRCT-20060601AVF). In response to Section IV, Question 3 of that application, you certify that, during the previous license term, station KIVI(TV) failed to place in its public inspection file at the appropriate times, all of the documentation required by Section 73.3526 of the Commission's Rules. In Exhibit 17, you state that TV issues/programs lists for the first through the third quarters of 2002 are missing from the public inspection file.

Although we do not rule out more severe sanctions for violations of this nature in the future, based upon the record before us we have determined that an admonition is appropriate at this
